

The Heavens are Telling-The Spirituality of the Universe Story

December 12-15, 2024

(Thursday – Sunday)

Siena Retreat Center - Racine, Wisconsin

Today the on-going development of scientific understandings of the origins of the universe are deeply shaping spirituality. The Universe, or New Story moves us, among other things, from a fall-redemption spirituality to a creation-centered, evolutionary one, and from an adolescent spirituality to an adult one. Come aside for this retreat to look deeply into this new chapter in the evolution of spirituality, and reflect on its implications for ourselves, our faith traditions, and the world.

This is a Centering Prayer retreat that is silent throughout including during meals , interspersed with conferences by the presenter with time for Q & A, scheduled times for Centering Prayer in community, periods of free time to enjoy walking in nature and, optional soul friending with staff.
